

MotorOne.com

The logo features the word "Fifth Dimension" in a large, white, stylized font. The word "Fifth" is smaller and positioned above "Dimension". Below the main text is the tagline "Unparalleled Vehicle Protection" in a smaller, white, sans-serif font. The entire logo is set against a background of blue, motion-blurred lines that radiate from a bright light source on the left, creating a sense of speed and energy.

Welcome to Fifth Dimension™, a new era in vehicle Preservation and Protection.

Don't you love the feeling of stepping into a new car - that superb 'new car' scent, the pristine condition of the interior and the glorious finish of the duco? Wouldn't you want to maintain that feeling for as long as possible? Welcome to Fifth Dimension, a new era in vehicle Preservation and Protection. Fifth Dimension is an innovative program designed to keep your car in showroom condition for years and years to come, both inside and out.

It's a unique mix of irresistible ground-breaking products and new ideas, like our SMART, Small Accident Repair Technology scratch 'n dent program and new enhanced Concours P4™ Paint Protection. And when you purchase Fifth Dimension, you'll receive a Rewards Pack that includes our environmentally friendly 'dry shampoo', that will ensure that even during times of severe water restrictions or drought, you'll still be able to keep your car in a sparkling condition.

Fifth Dimension is exclusive, and only available through accredited dealerships. **So for an outstanding investment in vehicle protection, choose environmentally friendly Fifth Dimension, and get the very best out of motoring now, and for years to come.**

How do i get it?

Concours P4™

High performance paint protectant that out-shines and outlasts all others.

- Self-cleaning titanium dioxide TiO₂ composition oxidises organic compounds
- Enhanced with a UV protectant to prevent fading and premature aging
- Provides exceptional stain resistance against bug-splatter, bird and bat droppings, tree sap, acid rain, salt spray, grime, grease and road tar
- Chemically inert and will not react with contaminants from the environment

Fifth Dimension Concours P4 seals exterior paintwork with a coating that delivers extreme durability, hardness and a brilliant shine with a self cleaning property which breaks down dirt and grime. It's composed of UV light sensitive titanium dioxide TiO₂ that when struck by light photons, reacts with air and water to oxidise organic compounds, turning them into carbon dioxide, hydrogen and other bi-products that escape into the air.

TiO₂ is present in nano particles suspended in a cured, inorganic clear coating. These nano particles act as a permanent oxidising generator that only need UV light, oxygen and water vapour to work. Only the organic matter is destroyed, the TiO₂ itself is inert and remains unchanged. This innovative technology has set an exciting benchmark in paint protection.

With Fifth Dimension Concours P4 at work, dirt will rarely get the chance to build up, and when it does, it washes away easily. This means less washing, less water usage, less environmental impact and a brilliant shine for years to come.

SMART Membership

A breakthrough in small accident repair technology!

- No quotes, mobile service, we come to you
- Certified repairs within 14 days
- One fixed fee for each repair
- Repairs to pressure dents and scratches
- Repairs of scuffs and scrapes to bumper bars & alloy wheels
- Repairs to seats, trim, vinyl and leather surfaces
- Unlimited repair visits for 2 years
- No expensive insurance excess

SMART Membership is an innovative program for small accident auto repairs which employs 21st century Small Accident Repair Technology, developed to help keep your vehicle in pristine condition. Once you've signed up, you'll have two years of unlimited repairs, for scratches, scrapes, chips and dents as well as repairs to damaged interior trim and alloy wheels so you can continue to enjoy the sparkling paintwork, shiny wheels and immaculate 'as new' interior of your new vehicle.

Talk to your Sales Consultant for more information on general membership terms and conditions.

PRESTIGE ALLOY WHEEL FINISH

Blemishes such as curb scrapes can ruin the appearance of alloy wheels. So can scuffs across hub caps. Using SMART repairs, we restore the damaged area, matching and spraying the original colour, returning the wheel to its original condition. This repair service excludes machine and chrome finished wheels.

How do i get it?

Leather Preserver

Preserves the authentic scent and luxurious feel of brand new leather.

- Preserves the “new leather” aroma
- Deep down moisturising protection
- Softens hard leather
- Not a multi-purpose sealant, scientifically designed for leather
- Provides a highly effective barrier against stains, spills and marks
- Lifetime Warranty

Preserve that ‘new leather’ aroma.

There’s nothing quite like the feel and aroma of leather in a new car. So, why not preserve that feeling for as long as you can? Fifth Dimension Leather Preserver works by actively penetrating the pores of each leather panel, nourishing, moisturising and protecting it. Unlike other products, Fifth Dimension Leather Preserver is scientifically formulated for leather and is not a multi-purpose vinyl/leather sealant.

Leather Preserver’s high-quality lanolin formulation soaks deep down into the hide to maintain and enhance its softness and suppleness, protecting leather surfaces against hardening, drying and cracking. It also provides a highly effective barrier against stains, spills and marks of all kinds.

Carpet & Fabric Protector

A true breakthrough in environmentally friendly fabric and carpet protection.

- Water-based, non solvent, environmentally friendly
- Resilient and effective stain barrier
- Ideal for pet owners
- Non-toxic, important for those with allergies
- Contains Bacti Shield™, a bacterial protection system
- Lifetime Warranty

Protect fabric against harmful bacteria.

Fifth Dimension Carpet & Fabric Protector provides durable and invisible protection against common oil and water-based spills while being completely safe for you, your family and the environment. Containing the bacterial protection system Bacti Shield™, this remarkable product from Fifth Dimension will protect your vehicle's fabric against harmful bacteria, moulds and fungus. Just the sort of allergens that may cause respiratory conditions like asthma or hay fever.

Fifth Dimension Fabric Protection also has a water-based formulation. This means it's totally safe, non-toxic, non-hazardous, non flammable, non-carcinogenic and emits no odour and all of this without compromising any of its effectiveness.

How do i get it?

Vinyl Conditioner

New formulation vinyl protection to nourish and protect vinyl surfaces.

- UV stabilised against discolouration and fading
- Water repellent, easy care with spills
- Low-sheen, non-greasy, non-slick
- Longer lasting 'as new' appearance
- Tough barrier against scuff marks and stains
- Not a multi-purpose sealant
- Lifetime Warranty

Nourishes and protects vinyl surfaces.

Today's vehicles use increasingly sophisticated interior coatings, including high quality vinyls. But despite being robust and long-wearing these surfaces can still benefit from a protective product to preserve their original look and texture. Fifth Dimension Vinyl Conditioner enhances internal vinyl surfaces including dashboards, consoles and other trim by penetrating below the surface layer to nourish and protect, keeping them in 'as-new' condition.

Plus, it forms a tough barrier against scuff marks and stains. It also contains powerful ultraviolet inhibitors to shield against damaging UV rays and temperature fluctuations that cause surface cracking and discolouration. And what makes Fifth Dimension Vinyl Conditioner so unique is that it is purpose-built for vinyl to ensure your vehicle's vinyl surfaces receive the ultimate protection and durability.
