## Four ways in one for Xtreme vehicle protection

**Nothing compares with the luxurious scent, the superb condition of the interior and the glorious finish of the duco of a new car. Now you can maintain and preserve all of this with exclusive X-PACK.**

X-PACK is a unique collection of top quality products designed to keep your car in pristine condition, and includes:

- X-PACK HiGloss Paint Protection
- X-PACK Vinyl Conditioner
- X-PACK Leather Preserver
- X-PACK Carpet and Fabric Protector

Plus, X-PACK cares for the environment as well. With X-PACK paint protection, your car's superb glossy finish attracts less dirt, is so much easier to wash and uses less water to do so. X-PACK carpet and fabric protection is water-based and environmentally friendly.

X-PACK, it's an outstanding investment in vehicle and environmental protection, now and for years to come.

Caring for your car  
and the environment

How do I get it?

Your investment in vehicle protection comes with many benefits for the environment:

**X-PACK HiGloss paint protection's** superb finish means you need less water for washing your car

**X-PACK Carpet & Fabric Protector** provides water-based non-solvent protection

For small 'touch ups' try our **Paintwork Spot Cleaner**

**Leather and Vinyl Conditioners** contain natural organic ingredients

In fact the longer we can help to preserve and protect your vehicle with X-PACK, the less need there is to use up global resources in its replacement.

## X-PACK HiGloss PAINT PROTECTION

### The ultimate high gloss paint protectant for outstanding performance and a brilliant long lasting shine.

X-PACK HiGloss is a unique paint protectant that preserves, and protects paintwork, keeping it in pristine condition. It seals exterior paintwork with a coating that delivers extreme durability, hardness and a brilliant shine. But the truly remarkable thing about X-PACK HiGloss is its self-cleaning property which breaks down dirt and grime entirely of its own accord. It is composed of UV light sensitive titanium dioxide TiO<sub>2</sub>.

When struck by light photons, it reacts with air and water to oxidise organic compounds, turning them into carbon dioxide, hydrogen and other bi-products that escape into the air. TiO<sub>2</sub> is present in nano particles suspended in a cured, inorganic clear coating.

These nano particles act as a permanent oxidising generator that only need UV light, oxygen and water vapour to work. Only the organic matter is destroyed, the TiO<sub>2</sub> itself is inert and remains unchanged. This innovative technology has set an exciting benchmark in paint protection.

With X-PACK HiGloss at work, dirt will rarely get the chance to build up, and when it does, it washes away easily. This means less washing, less water usage, less environmental impact and a brilliant shine for years to come.

- Provides an outstanding and brilliant shine
- Self-cleaning titanium dioxide TiO<sub>2</sub> composition oxidises organic compounds
- Permanent oxidising generator that only needs oxygen, UV light and water to work
- Enhanced with a UV protectant to prevent fading and premature aging
- Provides exceptional stain resistance against bug-splatter, bird and bat droppings, tree sap, acid rain, salt spray, grime, grease and road tar
- Chemically inert and will not react with contaminants from the environment
- Lifetime Warranty

Contains natural lanolin conditioner

## X-PACK VINYL CONDITIONER

### New formulation vinyl protection to nourish and protect vinyl surfaces

Today's vehicles use increasingly sophisticated interior coatings, including high quality vinyls. But despite being robust and long wearing, these surfaces are constantly exposed to UV rays, heat and temperature fluctuations. And of course, normal wear and tear.

These effects can cause unprotected surfaces to age, weather and crack. X-PACK Vinyl Conditioner enhances internal vinyl surfaces including dashboards, consoles, door panels and other trim by penetrating below the surface layer to nourish and protect, keeping them in 'as-new' condition. Plus, it forms a tough barrier against scuff marks and stains.

It also contains powerful ultraviolet inhibitors to shield against damaging UV rays. What makes X-PACK Vinyl Conditioner so unique is that it is purpose-built for vinyl to ensure your vehicle's vinyl surfaces receive the ultimate protection and durability.

- New formula, includes leather scent
- UV stabilised against discolouration and fading
- Water repellant, easy care with spills
- Low-sheen, non-greasy, non-slick
- Longer lasting 'as-new' appearance
- Tough barrier against scuff marks and stains
- Not a multi-purpose sealant
- Extends the life of vinyl
- Lifetime Warranty

X-PACK LEATHER PRESERVER\*

### Preserves the authentic scent and luxurious feel of brand new leather

X-PACK Leather Preserver is scientifically formulated to preserve the feel and aroma of new leather upholstery. It actively penetrates the pores of the leather, nourishing, moisturising and protecting it. Unlike other products it is specifically designed for leather and is not a multi-purpose vinyl/leather sealant.

Leather Preserver's high-quality lanolin formulation soaks deep down into the hide to maintain and enhance its softness and suppleness, protecting against hardening, drying and cracking. It is enhanced with UV inhibitors to prevent damage from harmful UV rays and it provides a highly effective barrier against stains, spills and grime.

- Preserves the 'new leather' aroma
- Deep down moisturising protection
- High quality lanolin ingredients
- Softens hard leather
- Contains UV inhibitors
- pH neutral, safe and effective on all types of leather
- Not a multi-purpose sealant, scientifically designed for leather
- Provides a highly effective barrier against stains, spills and marks
- Lifetime Warranty

Plus, Leather Preserver is impregnated with unique natural scents designed to accentuate the pristine, authentic aroma of new leather. Now you can enjoy that luxurious look, feel and aroma of brand new leather for many years to come.

## X-PACK CARPET & FABRIC PROTECTOR

### Setting new standards in environmentally friendly fabric and carpet protection

X-PACK Carpet & Fabric Protector provides durable and invisible protection against common oil and water-based spills whilst being completely safe for you, your family and the environment. Containing the bacterial protection system Bacti Shield™, this remarkable product from X-PACK will protect your vehicle's fabric against harmful bacteria, moulds and fungus.

Just the sort of allergens that may cause respiratory conditions like asthma or hay fever. It is also enhanced with UV inhibitors helping to protect against premature aging caused by UV exposure.

X-PACK Fabric Protection has a water-based formulation. This means it's totally safe, non-toxic, non-hazardous, nonflammable, non-carcinogenic and emits no odour. It offers all of this without compromising any of its effectiveness.

Unlike conventional carpet and fabric protectors that simply surround the fibre, X-PACK Carpet & Fabric Protector actually penetrates the individual fibres, providing the ultimate stain-proofing barrier.

- Water-based, non solvent, and environmentally friendly
- Penetrates, not just surrounds fibres
- Increases resistance to wear and tear
- Resilient and effective stain barrier
- Ideal for pet owners
- Enhanced with UV inhibitors
- Non-toxic, important for those with allergies
- Contains Bacti Shield™, a bacterial protection system
- Lifetime Warranty
